## Foreword

Ketua Setiausaha  
Kementerian Sumber Manusia

Secretary General  
Ministry of Human Resources

Dalam usaha mencapai status negara maju menjelang 2020, ekonomi negara perlu ditingkatkan dalam rantai tinggi dan justeru itu, ia perlu diubah dan digerakkan daripada model pendapatan sederhana kepada pendapatan tinggi. Untuk mencapai ekonomi berdasarkan pendapatan tinggi, kompetensi dan kepakaran pekerja perlu ditingkatkan supaya pengetahuan dan inovasi dapat dipupuk agar lebih berdaya saing dan dapat memacu ekonomi negara ke arah suatu persekitaran yang lebih kondusif. Kepentingan membangunkan modal insan dan memberi fokus terhadap pembangunan dan latihan kemahiran perlu diberi tumpuan kepada bidang-bidang pertumbuhan baharu yang kritikal.

Bagi merealisasikan aspirasi kerajaan mencapai status negara maju juga, maka perancangan dan pelaksanaan keperluan tenaga kerja mahir negara juga perlu diberi perhatian sewajarnya. Berdasarkan kepada Misi Nasional yang digariskan dalam Rancangan Malaysia Ke Sepuluh (RMKe-10), Jabatan Pembangunan Kemahiran (JPK) memainkan peranan penting dalam meningkatkan keupayaan pengetahuan dan inovasi negara serta memupuk minda kelas pertama. Selaras dengan itu, JPK perlu mempertingkat dan mempergiatkan usaha dalam memenuhi agenda nasional untuk meningkatkan mutu latihan vokasional dan kemahiran bagi memacu negara ke arah ekonomi berpendapatan tinggi.

*In an effort to attain the status of a developed nation by the year 2020, the economy of our nation needs to move up the value chain and thus, it must be geared and transformed from a model that is based on a moderate income to a high income. To achieve a high income based economy, the workers competency and skills need to improve so that the knowledge and innovation can be fostered to be more competitive and able to drive the economy of the nation to a more conducive environment. The importance of developing the human capital and the focus towards skills development and training need to be paid attention on new critical developed areas.*

*To realise the aspiration of the government to achieve the status of a developed nation, the planning and implementation on the need of nations skilled manpower too need to be given special attention. Based on the National Mission that is underlined under the Tenth Malaysian Plan, the Department of Skills Development (DSD) plays a major role to increase the level of knowledge and innovation besides promoting first class mentality. In line with this, DSD needs to improve and intensify efforts to fulfil the national agenda to enhance the quality of skills and vocational training to drive the nation towards achieving high income economy.*

Menyedari hakikat ini, JPK perlu merancang dan melaksanakan satu transformasi yang dinamik dan responsif dalam pembangunan dan latihan kemahiran bagi mengeluarkan tenaga kerja yang terlatih, berpengetahuan dan berkemahiran tinggi ke arah mencapai status negara maju.

Saya ingin mengambil kesempatan ini untuk mengucapkan setinggi-tinggi tahniah kepada JPK di atas semua pencapaian sepanjang tahun 2009. Adalah diharapkan agar semua pihak tidak berpuashati terhadap pencapaian ini, sebaliknya berusaha dengan lebih gigih lagi agar hasrat Kerajaan untuk mengarusperdanakan latihan kemahiran dan vokasional ke suatu tahap yang lebih tinggi.

Dato' R. Segarajah

*Realizing this fact, DSD needs to plan and implement a dynamic and responsive transformation in skills development and training so as to produce a work force that is trained, knowledgeable and highly skilled that would drive towards achieving the status of a developed nation.*

*I would like to take this opportunity to express my heartfelt gratitude to DSD for their achievement throughout the year 2009. It is hoped that the efforts from all the concerned parties will not stop here, on the other hand, all of us will strive to work more diligently so that the Government's aspiration to boost the vocational and skills training will reach a higher level.*

Dato' R. Segarajah

## Foreword

Ketua Pengarah  
Jabatan Pembangunan Kemahiran

Director General  
Department of Skills Development (DSD)

**S**ecara umumnya, aktiviti sepanjang tahun 2009 mencapai sasaran yang telah ditetapkan di mana semua aktiviti tersebut adalah fokus kepada pembangunan tenaga mahir negara. Dengan wujudnya Akta Pembangunan Kemahiran Kebangsaan [Akta 652], Jabatan Pembangunan Kemahiran (JPK) merasakan kualiti keseluruhan pelaksanaan Sistem Persijilan Kemahiran Malaysia akan dapat ditingkatkan ke tahap yang lebih baik seterusnya kepada penghasilan tenaga kerja mahir yang lebih kompeten.

Sistem Latihan Dual Nasional (SLDN) merupakan agenda nasional dalam usaha memastikan kualiti pelatih yang dikeluarkan dapat memenuhi kehendak dan keperluan industri. Sistem ini juga diharapkan dapat mengurangkan masalah *mismatch* di industri. Pelbagai usaha yang telah dan akan terus dijalankan bagi memastikan program ini disertai oleh pelbagai industri. Sepanjang tahun 2009, sebanyak 79 syarikat dan seramai 12,748 perantis telah menyertai SLDN menjadikan jumlah keseluruhan adalah sebanyak 996 syarikat dan seramai 20,463 perantis. Jumlah ini dijangka akan terus meningkat pada tahun 2010 dan tahun berikutnya.

Berdasarkan kepada pencapaian aktiviti JPK sehingga tahun 2009, jumlah keseluruhan NOSS yang telah dibangunkan adalah sebanyak 1,098 NOSS. Sebanyak 993 buah Pusat Bertauliah yang aktif serta 4,785 program telah ditauliahkan sepanjang 2009.

*In general, the activities during the year 2009 have accomplished its goals that were set in which all these activities were geared towards the development of nation's skilled manpower. With the existence of the National Skills Development Act [Act 652], the Department of Skills Development (DSD) feels that the overall quality on the implementation of the Malaysian Skills Certification System will be enhanced to a better stage and eventually lead to producing a more competent skilled manpower.*

*The National Dual Training System (NDTS) is a national agenda in an effort to produce quality trainees that fulfill the needs and requirements of industries. This system is also hoped to reduce the problem of mismatch in industries. Various efforts will be undertaken to ensure that this programme will be participated from diverse industries. Throughout the year 2009, a total of 79 companies and 12,748 apprentice have participated in NDTS making the total number of companies to be 996 and apprentice to be 20,463 people. These figures are expected to rise in the year 2010 and the following years.*

*Based on the achievement of DSD activities until the year 2009, a total number of 1,098 NOSS were developed. As many as 993 were active Accredited Centres and 4,785 programmes were accredited throughout 2009. DSD has also awarded*

JPK juga telah menganugerahkan sebanyak 92,834 Sijil Kemahiran Malaysia (SKM). Dari pada jumlah tersebut, sejumlah 86,765 SKM dianugerahkan melalui Pusat Bertauliah, 4,696 SKM melalui Pentaulihan Pencapaian Terdahulu (PPT) dan 1,373 SKM melalui Sistem Latihan Dual Nasional (SLDN) kepada mereka yang disahkan kompeten dalam bidang dan tahap masing-masing.

Disamping itu, tidak kurang juga kejayaan-kejayaan yang dikehapi sepanjang tahun 2009. Antaranya kejayaan mendapat pengiktirafan SKM bagi menjawat jawatan di sektor awam, mendapat johan dalam Pertandingan Kumpulan Meningkatkan Kualiti Kerja (KMK) serta pencapaian kedudukan kesepuluh (10) laman web terbaik daripada 1,192 laman web agensi kerajaan.

JPK juga menggalakkan Pusat Bertauliah untuk bekerjasama dengan pihak industri dalam menghasilkan pekerja mahir dengan keperluan kemahiran tertentu untuk semua sektor industri. Pekerja sedia ada juga perlu mengubah minda dan menerima budaya pembelajaran sepanjang hayat bagi memastikan kesesuaian suasana kerja yang dinamik.

*a total of 92,834 Malaysian Skills Certificate (MSC). From this total, 86,765 were awarded through the Accredited Centres, 4,696 MSC through the Prior Achievement Accreditation and 1,373 MSC through the National Dual Training System (NDTS) to those who have been confirmed as competent in their respective level and field.*

*Besides that, many achievements were accomplished throughout the year 2009. Among them are the achievement on the recognition of MSC to attain employment in the public sector, became champions in the Quality Work Group (QCC) Competition and achieving the top ten (10) placing among the 1,192 websites of the government agencies.*

*DSD also encourages the Accredited Centres to work closely with the industries to generate skilled workers with specific skills for all industrial sectors. The current workers should also change their mindset and accept life-long learning in order to assure a conducive and dynamic working environment*

# Pengenalan

## Introduction

Jabatan Pembangunan Kemahiran (JPK) dahulunya dikenalisebagai Majlis Latihan Vokasional Kebangsaan (MLVK) merupakan jabatan di bawah Kementerian Sumber Manusia yang telah ditubuhkan pada 2 Mei 1989 melalui penyusunan semula Lembaga Latihan Perindustrian dan Persijilan Ketukangan Kebangsaan (LLPPKK). Tujuan utama penubuhan MLVK adalah bagi merumus, menggalak dan menyelaras strategi dan program latihan kemahiran sejajar dengan keperluan serta perkembangan teknologi dan ekonomi negara. Nama MLVK telah ditukarkan kepada JPK setelah Akta Pembangunan Kemahiran Kebangsaan 2006 [Akta 652] berkuatkuasa bermula 1 September 2006. Di bawah Akta 652 ini, Majlis Pembangunan Kemahiran Kebangsaan (MPKK) ditubuhkan bertujuan meluluskan Standard Kemahiran Pekerjaan Kebangsaan (SKPK) dan memberi khidmat nasihat kepada Menteri Sumber Manusia tentang pembangunan latihan kemahiran.

Bagi merealisasikan hasrat kerajaan sebagai peneraju pembangunan sumber manusia mahir negara, JPK telah memperluas dan memperkuatkukan fungsinya dengan pewartaan Pusat Latihan Pengajar dan Kemahiran Lanjutan (CIAST) di bawah pengurusan Jabatan Pembangunan Kemahiran (JPK) berkuatkuasa 16 Jun 2007.

*The Department of Skills Development (DSD), formerly known as the National Vocational Training Council (NVTC), is one of the agencies under the Ministry of Human Resources Malaysia that was formed on 2 May 1989 under the restructuring of the National Industrial Training and Trade Certification Board (NITTCB). The main reason for the establishment of NVTC is to formulate, promote and coordinate strategies and training skill programmes in line with the nation's technology and economic development needs. After the implementation of the National Skills Development Act 2006 [Act 652] effective 1 September 2006, NVTC was relaunched as the Department of Skills Development (DSD). Under the Act 652, the National Skills Development Council (NSDC) was established with the aim of certifying the National Occupational Skills Standards (NOSS) and to provide advice to the Ministry of Human Resources in terms of skills development.*

*To realize the vision of the government as the pioneer of developing skilled manpower resources, DSD has enhanced and further improved its function through the gazetting of the Center for Instructor and Advanced Skill Training (CIAST) under the management of the Department of Skills Development (DSD) effective 16 June 2007.*

## Sekalung Budi Secangkir Kasih

Sekalung Budi Secangkir Kasih

Tanggal 7 Disember 2009 merupakan tarikh yang amat meninggalkan kenangan besar terhadap mantan Ketua Pengarah Jabatan Pembangunan Kemahiran (JPK) setelah hampir enam tahun menerajui JPK hingga ke tahap sekarang. Sumbangan beliau amatlah besar terutamanya dalam memartabatkan latihan kemahiran bagi melahirkan tenaga kerja mahir negara agar ianya diterima masyarakat dan beliau juga turut memperjuangkan agar bidang kemahiran disamatarafkan dengan bidang akademik. Dengan wujudnya Akta Pembangunan Kemahiran Kebangsaan [Akta 652], tahap kualiti latihan kemahiran dapat dimantapkan. Dalam masa yang sama, beliau turut memandang serius tahap kekompetenan tenaga pengajar serta penglibatan pakar industri dalam membantu membangunkan tenaga mahir negara. Bagi menghargai dan mengenang jasa yang telah disumbangkan, Majlis Sekalung Budi Secangkir Kasih telah diadakan pada 4 Disember 2009 bertempat di Hotel Pan Pacific, KLIA dan seterusnya meraikan hari persaraan beliau.

*The date 7 December 2009 will leave a long-lasting memory to the former Director General of the Department of Skills Development (DSD) after almost six years of leading DSD up to this stage. His contribution is immense especially to dignify skills training in producing skilled manpower so that it will be acknowledged by the people and he also fought for equality between skills and academic fields. With the establishment of the National Skills Development Act [ACT 652], the quality level of skills training was further established. At the same time, he also seriously looked at the competency of the trainers and the involvement of industrial experts in assisting the development of skilled manpower. To appreciate and to recognize his contribution, the Sekalung Budi Secangkir Kasih function was held on 4 Decemebr 2009 at Pan Pacific, KLIA Hotel and also in conjunction with his day of retirement.*

# Kejayaan-Kejayaan JPK Sepanjang Tahun 2009

DSD's Achievements Throughout 2009

## I. Pengiktirafan Sijil Kemahiran Malaysia (SKM)

Tahun 2009 merupakan tahun yang memberi makna yang amat besar kepada semua pemegang Sijil Kemahiran Malaysia (SKM) apabila Kerajaan mula mengiktiraf graduan latihan kemahiran melalui ucapan Y.A.B Perdana Menteri Malaysia di pembentangan Bajet 2010 seperti mana pernyataan berikut:

“..... mengiktiraf Sijil Kemahiran Malaysia (SKM) tahap 4 dan ke atas supaya setaraf dengan aliran akademik. Dengan pengiktirafan ini pemegang SKM tahap 4 layak memohon untuk berkhidmat di sektor awam, manakala bagi mereka yang berkhidmat di sektor swasta dapat menikmati gaji setaraf dengan pemegang sijil diploma.” ucapan Y.A.B Dato’ Sri Mohd Najib bin Tun Abdul Razak dalam pembentangan Bajet 2010 di Dewan Rakyat pada 23 Oktober 2009.

Justeru, semua pemegang SKM boleh menarik nafas lega apabila SKM telah disamatarafkan dengan diploma dalam aliran akademik sekaligus membuka peluang pekerjaan yang lebih luas.

## I. Recognition of Malaysian Skills Certificate (MSC)

*The year 2009 gave immense meaning to all holders of the Malaysian Skills Certificate (MSC) when the Government started to recognize the graduates of skills training in the speech by Y.A.B. The Prime Minister of Malaysia while delivering the 2010 Budget with the following statement:*

*“..... recognize that the Malaysian Skills Certificate (MSC) level 4 and above to be on par with the academic qualification. With this recognition holders of MSC level 4 are entitled to apply to work in the public sector, whereas those who are working in the private sector are entitled to salary on par with the diploma holders.” Speech by Y.A.B Dato’ Sri Mohd. Najib bin Tun Abdul Razak during the delivery of 2010 Budget at the Dewan Rakyat on 23 October 2009.*

*Thus, all holders of MSC can sigh a huge relief when MSC has been established to be on par with the diploma holders of the academic field and as a result it opens wider employment opportunities.*

# Program Pembangunan Modal Insan

## Human Capital Development Program

### I. Program Peningkatan Kelayakan Akademik Melalui Program SLDN

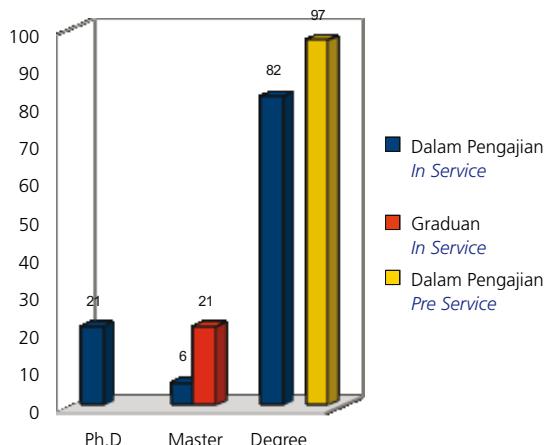

Bagi memperkasa latihan kemahiran, Jabatan Pembangunan Kemahiran (JPK) di bawah peruntukan Rancangan Malaysia Ke Sembilan (RMKe9) telah memperuntukkan sebanyak RM 16.49 juta bagi projek Pembangunan Modal Insan. Program ini fokus kepada peningkatan kelayakan akademik di kalangan tenaga pengajar institut latihan kemahiran awam. Program ini dilaksanakan di Universiti Tun Hussein Onn Malaysia (UTHM) dengan kerjasama *University of Bremen, Germany*.

Sepanjang tempoh RMKe9, seramai **129** Pegawai Latihan Vokasional (PLV) / tenaga pengajar (In Service) dan 97 pelajar (Pre Service) telah melanjutkan pelajaran ke peringkat Ijazah Sarjana Muda, Ijazah Sarjana dan Doktor Falsafah (PhD). Sehingga 2009, seramai **21** PLV/tenaga pengajar telah dianugerahkan Ijazah Sarjana Pendidikan Teknikal dalam bidang Elektronik Industri dan Teknologi Pengeluaran. Majlis Konvokesyen telah diadakan pada **8 Ogos 2009 di UTHM**. Carta 2 menunjukkan statistik PLV/tenaga pengajar yang mengikuti program pembangunan modal insan.

### I. Academic Qualification Improvement Programme Through NDTs Program

*To strengthen on skills training, the Department of Skills Development (DSD) through the allocation of the Ninth Malaysia Plan has allocated RM 16.49 million for the Human Capital Development project. The focus of this program is to enhance the academic qualification of instructors from public skills training institutions. This program is implemented at Universiti Tun Hussein Onn Malaysia (UTHM) with the collaboration of University of Bremen, Germany.*

*During the Ninth Malaysia Plan, a total of **129** Vocational Training Officers (VTO) / instructors (In Service) and 97 students (Pre Service) have furthered their studies to the level of Bachelor's Degree, Masters and Doctor of Philosophy (PhD). Till 2009, a total of **21** VTO/instructors have been awarded with the Technical Education Masters Degree in Electronic Industry and Production Technology. The Convocation Ceremony was held on **8 Ogos 2009 at UTHM**. Chart 2 shows the statistics of VTO/instructors that pursued the human capital development program.*

## II. Program Latihan Kemahiran Jangka Panjang (Pra Perkhidmatan)

Selain melaksanakan program pembangunan kemahiran untuk tenaga pengajar yang sedang berkhidmat di institusi latihan kemahiran, CIAST juga turut melaksanakan program latihan untuk pelajar lepasan sekolah serta pemegang SKM sekurang-kurangnya SKM Tahap 2 yang berminat untuk meningkatkan tahap kemahiran dalam latihan kemahiran serta teknik mengajar. Pada tahun 2009, seramai **607** pelajar telah menamatkan pengajian pelbagai bidang. Carta 3 menunjukkan bilangan pelajar yang menamatkan latihan pada tahun 2009.

## II. Long Term Skills Training Program (Pre Service)

*Besides implementing skills development programme for instructors who are currently attached with skills training institutions, CIAST also implements training programmes for school leavers and DSD holders who are interested to further enhance on their level of skills in training and teaching techniques. In 2009, a total of **607** students have completed their studies in various fields. Chart 3 shows the number of students that have completed their training in 2009.*

## III. Program Latihan Kemahiran Jangka Pendek (Modular & Customised)

CIAST turut menjalankan kursus jangka pendek yang dikendalikan secara modular dan *customised*. Kursus modular merupakan kursus yang dijalankan mengikut perancangan CIAST melalui persediaan yang mantap dan bersesuaian dengan piawaian dan kemampuan yang ada. Kursus *customised* pula ialah kursus yang dilaksanakan hasil perbincangan di antara pelanggan dengan pihak CIAST di mana kursus ini telah diubahsuai mengikut kehendak pelanggan sama ada awam atau swasta.

## III. Short Term Skills Training Programme (Modular & Customised)

*CIAST also carries out short term courses that are conducted ala modular and customised. The modular courses are courses that are conducted via planning of CIAST through adequate preparation and in accordance with the standards and its capabilities. The customised courses, on the other hand, are courses that are implemented as a result of discussion between clients and CIAST in which these courses will be adapted in accordance with the needs of the customers, whether public or private.*

Pada tahun 2009, CIAST telah menjalankan **482** kursus jangka pendek melibatkan seramai **10,245** peserta berbanding 301 kursus yang melibatkan 7,281 peserta pada tahun 2008. Jadual 2 menunjukkan statistik bilangan peserta kursus tahun 2009.

# Penyelarasan Dasar Latihan & Pembangunan Kemahiran Antara Agensi

Coordination of Skills Development & Training Policy Between Agencies

## I. Majlis Pembangunan Kemahiran Kebangsaan (MPKK)

Majlis Pembangunan Kemahiran Kebangsaan (MPKK) merupakan suatu badan yang ditubuhkan di bawah Akta Pembangunan Kemahiran Kebangsaan 2006 (Akta 652). Antara fungsi MPKK ialah meluluskan Standard Kemahiran Pekerjaan Kebangsaan (NOSS), menasihati Menteri tentang perkara-perkara yang berhubungan dengan Akta 652, menasihati Menteri tentang apa-apa perkara yang dirujukkan kepadanya oleh Menteri, dan untuk melaksanakan apa-apa fungsi lain sebagaimana yang boleh ditetapkan dalam Akta 652. Keanggotaan ahli Majlis adalah seramai 22 orang yang terdiri daripada wakil-wakil agensi kerajaan dan swasta yang dilantik oleh Menteri Sumber Manusia. Mesyuarat dipengerusikan oleh Ketua Setiausaha, Kementerian Sumber Manusia dan sepanjang tahun 2009 sebanyak **tiga (3)** mesyuarat telah pun dijalankan di mana sebanyak **227 NOSS** telah diluluskan. Selain itu, beberapa kertas kerja yang berkaitan dengan fungsi dan operasi JPK telah dibentangkan untuk mendapat persetujuan Ahli Majlis.

## II. Mesyuarat Jawatankuasa Penasihat Pembangunan Kemahiran (JPPK)

Ahli JPPK terdiri daripada Pakar Industri yang berkelayakan dalam bidang berkaitan. JPPK berperanan sebagai penghubung dan membantu JPK dalam memberi informasi terkini berkaitan dengan keperluan sumber tenaga kerja mahir dan memastikan NOSS sentiasa relevan dengan industri. Selaras dengan perkembangan ekonomi dan industri negara yang semakin berkembang pesat, ia telah membawa perubahan kepada implikasi terhadap pembangunan tenaga kerja mahir khususnya dalam mengenalpasti keperluan teknologi baru dan peningkatan sistem kemahiran yang sedia ada.

## I. National Skills Development Council (NSDC)

*The National Skills Development Council (NSDC) is a body that was established under the National Skills Development Act 2006 (Act 652). Among the functions of NSDC are to certify the National Occupational Skill Standard (NOSS), to advise the Minister on whatever that has been referred to it by the Minister, and to implement whatever other functions that have been stated in the Act 652. The total members of this Council is 22 people consisting of representatives from the government and private agencies as appointed by the Minister of Human Resources. The meeting is chaired by the Secretary General, Human Resources Ministry and during 2009 a total of **three (3)** meetings were held in which a total of **227 NOSS** were approved. Besides that, several working papers regarding the function and operation of DSD were presented to obtain the agreement of Council Members.*

## II. Skills Development Advisory Committee (SDAC) Meeting

*The members of SDAC are industrial experts who are competent in their respective fields. SDAC plays the role of a link and assists the DSD in giving the latest information regarding the needs of skilled manpower resources and to ensure that NOSS is at all times relevant to the industry. In line with the economic development and nation's industrialisation that is developing rapidly, it has brought changes to the implication towards the development of skilled manpower resources especially in identifying the need for new technology and to further improve the current skills system.*

Sepanjang tahun 2009, sebanyak **43** mesyuarat JPPK telah diadakan bagi mendapatkan maklumat terkini untuk memantapkan latihan dan pembangunan kemahiran negara. Sebanyak **12** lawatan pula telah dilaksanakan bagi mendapatkan maklumat dan melihat situasi sebenar suasana kerja dan teknologi terkini serta mendapatkan pakar dalam bidang kemahiran tertentu. Sehingga 31 Disember 2009, keahlian JPPK adalah seramai **415** orang. Bagi memberi pemahaman serta maklumat terkini kepada ahli JPPK terutama lantikan baru, **satu (1)** seminar pembangunan NOSS, bahan pembelajaran dan kurikulum SLDN telah diadakan pada 20 Mei 2009 di Auditorium JAKIM, Putrajaya.

*Throughout 2009, a total of **43** meetings were held to gain the latest information that would strengthen the nation's skills development and training. A total of 12 visits were implemented to gain information and to witness the real working environment situation and the latest technology along with obtaining the experts in specific skills. Till 31 December 2009, the membership of SDAC at **415** peoples. To provide understanding and the latest information to the members of SDAC especially the new members, **a seminar** on NOSS development, NDTs curriculum and learning materials was held on 20 May 2009 at JAKIM Auditorium, Putrajaya.*

### III. Mesyuarat Jawatankuasa Tetap Penyelarasan Antara Agensi Latihan (JTPAAL)

Jawatankuasa ini dianggotai oleh wakil-wakil institut latihan kemahiran awam yang dilantik oleh Ketua Pengarah Pembangunan Kemahiran dan berperanan menyelaras aktiviti latihan kemahiran termasuklah penyelarasan dasar, garis panduan yang berkaitan latihan kemahiran di institut latihan kemahiran. Sebanyak **dua (2)** mesyuarat telah diadakan sepanjang 2009.

### III. Meeting of the Permanent Committee for Coordination Between Training Agencies (PCCBTA)

*This Committee is represented by the representatives from the public skills training institutions that are appointed by the Director General of Skills Development and plays the role of coordinating skills training activities including coordination of policy and guidelines related to skills training at skills training institutions. A total of **two (2)** meetings were held throughout the year 2009.*

#### **IV. Mesyuarat Jawatankuasa Pemandu Pelan Induk Latihan & Pembangunan Kemahiran Pekerjaan Malaysia 2008-2020**

Jawatankuasa ini berperanan merancang dan menyelaras strategi pelaksanaan aktiviti latihan dan pembangunan kemahiran yang digariskan dalam Pelan Operasi Pelan Induk Latihan Dan Pembangunan Kemahiran Pekerjaan Malaysia 2008-2020. Jawatankuasa ini dianggotai oleh wakil-wakil agensi kerajaan dan swasta yang dilantik oleh Ketua Pengarah Pembangunan Kemahiran. Sebanyak **dua (2)** mesyuarat telah diadakan pada tahun 2009.

#### **V. Mesyuarat Jawatankuasa Penyelarasan Program Pembangunan Kemahiran (PPK)**

Jawatankuasa ini berperanan menyelaras semua perancangan dan pelaksanaan aktiviti pembangunan kemahiran tenaga pengajar institut latihan kemahiran awam dengan menggunakan peruntukan yang disalurkan oleh Jabatan perkhidmatan Awam (JPA) melalui JPK. Sebanyak 14 Kementerian/Jabatan/agensi terlibat dalam Jawatankuasa ini dan mesyuarat ini adalah dipengerusikan oleh Ketua Pengarah Pembangunan Kemahiran, JPK.

Sepanjang 2009, sebanyak **empat (4)** mesyuarat telah diadakan dan JPK juga menerima peruntukan sebanyak **RM 8.4 juta** untuk diagih-agihkan kepada 13 agensi yang berkenaan. Dengan peruntukan tersebut, sebanyak **139** program melibatkan **1728** tenaga pengajar telah dilatih dalam pelbagai bidang kemahiran di dalam negeri dan luar negeri.

#### **IV. Meeting of the Steering Committee of the Master Plan Skills Development & Training Job Malaysia 2008-2020**

*This Committee plays the role of planning and coordinating implementation strategies regarding skills development and training as been outlined in the Operational Plan of the Master Plan Skills Development & Training Job Malaysia 2008-2020. This committee is represented by the representatives from the private and public sectors that are appointed by the Director General of Skills Development. A total of two (2) meetings were held during the year 2009.*

#### **V. Meeting of the Coordination Committee for Skills Development Programme (SDP)**

*This Committee plays the role to coordinate all planning and implementation activities related to skills development of training instructors in public skills training institutions by using the allocation provided by the Public Services Department (PSD) through DSD. A total of 14 Ministries/Departments/agencies are in this Committee and meetings are chaired by the Director General Skills Development, DSD.*

*During 2009, a total of **four (4)** meetings were held and DSD also received aid amounting to **RM 8.4** million to be distributed among the 13 related agencies. With this allocation, a total of 139 programmes involving **1728** training instructors were trained in various skills, locally and overseas.*

# Kajian Latihan & Pembangunan Kemahiran

## Research on Skills Development & Training

Sepanjang tahun 2009, **empat (4)** kajian telah dibangunkan yang mana kajian ini menjurus kepada penambahbaikan serta penyelesaian terbaik terhadap kualiti latihan dan pembangunan kemahiran sedia ada.

### i. Kajian Penglibatan Syarikat dalam Pelaksanaan Sistem Latihan Dual Nasional (SLDN)

Kajian ini telah dibangunkan bersama Universiti Malaysia Pahang (UMP) bertujuan untuk meninjau penyertaan pihak industri dalam Program SLDN yang dikendalikan oleh Jabatan Pembangunan Kemahiran (JPK), Kementerian Sumber Manusia. Sejumlah 5,000 syarikat telah dipilih secara rawak daripada senarai 14,389 syarikat yang diambil dari MIDA dan SMIDEC. Ia terdiri dari kalangan syarikat besar serta industri kecil dan sederhana. Sebanyak 509 syarikat telah mengembalikan borang soalselidik menjadikan kadar respon sebanyak 10.18 peratus. Di samping itu, sejumlah 125 sesi temubual telah dilakukan di kalangan syarikat yang dipilih daripada senarai di atas. Dapatkan kajian menunjukkan bahawa pada amnya syarikat di negara ini mempunyai budaya latihan yang baik. Walau bagaimana pun tumpuan mereka hanyalah kepada latihan sambil bekerja. Majoriti responden tidak menyertai SLDN kerana mereka tidak mendapat maklumat/bahan publisiti berkaitan SLDN.

### ii. Kajian The Integration of the National Occupational Skills Standard (NOSS)-Based Training System and the National Dual Training System (NDTS) in Malaysia

Kajian ini meninjau pembangunan latihan kemahiran di Malaysia sebagai fokus utama kajian. Ia meninjau bagaimana sistem latihan berasaskan kepada Standard Kemahiran Pekerjaan Kebangsaan (SKPK) dan Sistem

*During the year 2009, four (4) researches were developed in which these researches were directed at improving along with seeking the best solution towards improving the quality of training and skills development.*

### *i. Research on Involvement of Companies in National Dual Training System (NDTS)*

*This research was collaboratively developed with Universiti Malaysia Pahang (UMP) with the aim of looking at the participation of industries in NDTS Programmes that were conducted by the Department of Skills Development (DSD), Malaysian Ministry of Human Resources. A total of 5,000 companies were randomly selected from a list of 14,389 companies obtained from MIDA and SMIDEC. Among these companies are large companies together with small and medium industries. A total of 509 companies have returned the questionnaires signifying the response rate to be at 10.18 percent. Besides that, a total of 125 interview sessions were carried out among the companies from the above list. The results of the research showed that in general companies in this country have good training culture. However their focus is only on the job training. Majority of the respondents did not participate in NDTS because they did not receive any information/publicity materials regarding NDTS.*

### *ii. Research on The Integration of the National Occupational Skills Standard (NOSS)-Based Training System and the National Dual Training System (NDTS) in Malaysia*

*This research has selected the development of skills training in Malaysia as its central subject of investigation. It examines how the National Occupational Skills Standards (NOSS)-based training system and the*

Latihan Dual Nasional (SLDN) telah berkembang dan membangun sejak diperkenalkan di negara kita. Matlamat asas kajian ini ialah untuk meninjau hubungan di antara dua penekanan ini dan jika didapati sesuai, sebuah kerangka yang dapat mengintegrasikan kedua-dua sistem ini akan dibangunkan.

Kajian ini telah mengesahkan bahawa sistem latihan berteraskan SKPK dan SLDN telah berkembang untuk menjadi lebih memusat terhadap peranan dan fungsi masing-masing, begitu juga dalam dimensi polisi dan penyampaian. Beberapa percanggahan yang masih wujud di antara kedua-dua sistem latihan ini didapati adalah kurang berkonflik berbanding dengan tanggapan awal, dan dengan sedemikian boleh diselaraskan. Kesimpulan kajian ini ialah kedua-dua sistem latihan ini perlu diintegrasikan kepada satu sistem latihan kemahiran nasional yang seragam. Penyatuan mereka dapat dicapai dengan membuat beberapa perubahan kepada kedua-dua sistem yang sedia ada ke arah pengukuhan sistem, dan seterusnya membuat beberapa keputusan asas yang dapat memudahkan proses penyeragaman. Hasil kajian ini adalah signifikan khasnya kerana hasrat Malaysia untuk mencapai status negara maju menjelang tahun 2020, yang telah meletakkan pembangunan sumber manusia sebagai keutamaan nasional. Kajian ini memberi penjelasan yang lebih nyata terhadap sistem penyampaian kemahiran negara. Secara khususnya, ia memberi gambaran tentang hala tuju masa depan sistem latihan berdasarkan SKPK ekoran daripada kemunculan SLDN di samping membuka mata para pemimpin dan pembuat polisi untuk membuat keputusan yang lebih tepat tatkala membangunkan suatu sistem latihan kemahiran nasional yang lebih berkesan di Malaysia.

### **III. Kajian Kebolehupayaan Pekerjaan Graduan VTO (I-031-3) CIAST Sesi 1/2008**

Kajian ini bertujuan untuk melihat kebolehupayaan pekerjaan graduan VTO CIAST dan hasil penemuan kajian akan digunakan bagi tujuan perancangan pengambilan sesi akan datang. Daripada analisis terhadap 36 responden, didapati **26** graduan (72.2%)

*National Dual Training System (NDTS) have evolved and developed since their introduction into the country. The basic aim is to explore their relationship and if found feasible, to develop a framework appropriate for integrating the two training systems.*

*The study has affirmed that the NOSS-based training system and the NDTS have evolved to become more convergent in their roles and functions, as well as in most of their policy and delivery dimensions. Several discrepancies which still exist between the two training systems have also been found to be less conflicting than initially perceived, and therefore can be reconciled. The study concludes that the two training systems should be integrated into a unified national skills training system. Their 'merger' can be realised by making some modifications to both the existing systems towards strengthening them, and subsequently to make some fundamental decisions to facilitate their unification. The outcomes of the study are particularly significant in view of Malaysia's intention to achieve developed nation status by the year 2020, which has placed human capital development as a national priority. The study here offers greater clarity on the country's skills delivery system. In specific, it provides hints as to the future direction of the NOSS-based training system in relation to the newly introduced NDTS as well as deep and comprehensive insights for leaders and policy-makers to make informed decisions on developing a more effective national skills training system in Malaysia.*

### **III. Research on Work Competency of VTO Graduates (I-031-3) CIAST Session 1/2008**

*This research aimed at investigating the work competency of VTO CIAST graduates and the findings will be used for the purpose of planning for the following intakes. From the analysis done on 36 respondents, it was identified that **26** graduates*

telah mendapat pekerjaan dan majoriti pelajar yang telah mendapat pekerjaan adalah responden dari bidang Elektronik diikuti dengan Mekatronik, Jaminan Mutu dan Pengeluaran. Daripada bilangan tersebut, sebanyak **84.6%** telah mendapat pekerjaan dalam tempoh tiga (3) bulan. Di kalangan responden bekerja, 50% dari mereka menerima gaji di antara RM1201.00 – RM1500.00, 23.1% (RM801.00 – RM 1200.00) dan 15.4% menerima gaji melebihi RM1500.00.

Menurut kajian ini, kursus yang paling banyak mendapat sambutan dari Pusat Bertauliah swasta adalah dari bidang komputer samada Komputer Sistem atau Sistem Maklumat, Elektrik Kuasa, Hospitaliti (Penyediaan Makanan dan Penyeliaan Makanan), Plastik, Solekan dan Dandanan, Jahitan Pakaian dan Automotif.

#### **IV. Kajian Kebolehupayaan Pekerjaan Terhadap Graduan Diploma Pengajar Vokasional (DPV) CIAST Tahun 2009**

Kajian ini bertujuan melihat status pekerjaan graduan DPV. Daripada sejumlah 90 graduan yang telah menghantar maklumbalas, seramai **63 (70.0%)** graduan telah mendapat pekerjaan sebagai pengajar Pusat Bertauliah awam dan swasta. Walaubagaimanapun masih terdapat graduan belum memperolehi pekerjaan dan sedang berusaha menempatkan diri mereka di dalam bidang pekerjaan yang sesuai dengan bidang yang dipelajari iaitu **24 (26.7%)** dan selebihnya iaitu sebanyak **3 (3.3%)** graduan memilih untuk melanjutkan pelajaran ke pusat-pusat pengajian tempatan.

(72.2%) have gained employment and majority of the students who obtained jobs were respondents from the fields of Electronic, followed by Mechatronic, Quality Control and Production. From that number, a total of **84.6%** have obtained employment within three (3) months. Among the working respondents, 50% of them are gaining salaries between RM1201.00 – RM1500.00, 23.1% (RM801.00 – RM1200.00) and 15.4% are receiving salaries more than RM1500.00.

According to this study, the courses that received huge support from the Private Accredited Centres are from the computer field either Computer Systems or Information System, Power Electric, Hospitality (Food Preparation and Food Supervision), Plastic, Beauty and Fashion, Tailoring and Automotive.

#### **IV. Research on Work Competency Among Graduates of Diploma Vocational Trainers (DVT) CIAST Year 2009**

This research aimed at investigating the work status of DVT graduates. From a total figure of 90 graduates that have responded, **63 (70.0%)** graduates have gained employment as trainers at public and private accredited centres. However there are still graduates that did not obtain any employment and are trying to place themselves in appropriate employment field, that is **24 (26.7%)** of them and the rest, that is **3 (3.3%)** graduates chose to further their studies in the local tertiary institutions.

## Promosi Latihan & Pembangunan Kemahiran

### Promotion on Training & Skills Development

Bagi menyebarkan maklumat terkini berkenaan latihan dan pembangunan kemahiran, JPK telah melaksanakan pelbagai pendekatan aktiviti promosi. Objektif utama aktiviti ini adalah untuk menarik minat orang awam untuk melibatkan diri dalam latihan kemahiran selain menyampaikan maklumat terkini berkenaan latihan kemahiran. Antara pendekatan yang dilaksanakan adalah melalui iklan di media massa, media cetak, sesi dialog bersama syarikat, taklimat, seminar, pameran kemahiran serta risalah latihan kemahiran. Jadual 3 menunjukkan pendekatan aktiviti promosi yang telah dilaksanakan oleh JPK sepanjang 2009.

*To disseminate the latest information regarding skills development and training, DSD has implemented many promotional activities. The main objective of these activities is to attract the public to participate in skills training besides publicizing the latest information regarding skills training. Among the approaches taken were advertisements in the mass media, print media, dialogue sessions with companies, briefing, seminar, skills exhibition and pamphlets on skills training. Table 3 shows the promotional activity approaches that were implemented by DSD throughout 2009.*

# Program Sistem Latihan Dual Nasional (SLDN)

## National Dual Training System (NDTS) Program

### I. Penglibatan Industri & Perantis

Sehingga Disember 2009, Sistem Latihan Dual Nasional (SLDN) telah berjaya menarik minat pihak industri untuk melaksanakan program latihan di tempat kerja. Jadual 4 menunjukkan statistik penglibatan industri dalam program SLDN.

### I. Involvement of Industrial & Apprentice

Till December 2009, the National Dual Training System (NDTS) has managed to draw the interests of industries to implement training programmes at their work place. Table 4 signifies the statistics on the involvement of industries in the NDTS programmes.

### II. Audit Ketaakuran Syarikat dan Pusat Bertauliah SLDN 2009

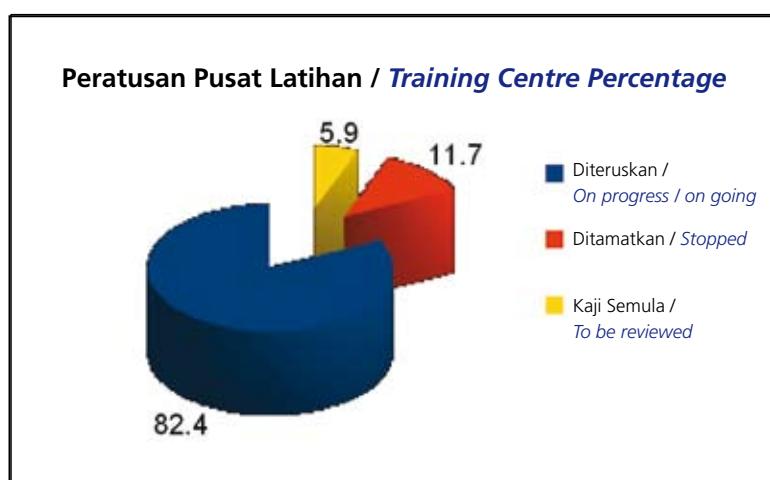

Bagi memantapkan lagi perlaksanaan SLDN, lawatan audit ketaakuran oleh pegawai JPK telah dilaksanakan di 357 syarikat dan 307 pusat latihan yang melaksanakan program SLDN. Lawatan ini bertujuan untuk mengkaji dan menilai kualiti pematuhan perlaksanaan SLDN di syarikat dan pusat latihan dari segi kekompetenan coach dan pengajar, kemudahan latihan teori dan amali serta keberkesanan perlaksanaan serta pengurusan syarikat dan pusat latihan dalam melaksanakan program SLDN. Hasil daripada lawatan audit tersebut, didapati hanya **304** syarikat dan **253** pusat latihan disokong untuk meneruskan program latihan. Carta **3** dan **4** menunjukkan peratusan status syarikat dan pusat latihan dalam pelaksanaan SLDN.

### II. Audit Company Compliance and NDTS Accredited Centres 2009

To further strengthen the implementation of NDTS, audit compliance visits were carried out by DSD officers at 357 companies and 307 training centres that conducted NDTS programmes. The visits are aimed at investigating and evaluating the compliance quality on the implementation of NDTS programmes in companies and training centres in terms of coach and trainers competency, theoretical and practical training aspects along with implementation on the effectiveness and management of companies and training centres in implementing NDTS programmes. From these audit visits, only **304** companies and **253** training centres were supported to continue with the training programme. Chart **3** and **4** show percentage of company status and training centres in implementing NDTS.

## Program Penandarasan Benchmarking Program

### I. Lawatan Penandarasan Kekompetenan Tenaga Pengajar Di Australia

Bagi memantapkan pelaksanaan pelesahan tenaga pengajar pusat bertauliah, satu lawatan penandarasan di Australia telah diadakan pada 14 – 21 Februari 2009 melibatkan **dua (2)** pegawai JPK dan seorang pegawai JTM. Tujuan utama lawatan ini adalah untuk melihat dan mendapatkan maklumat terhadap perancangan dan pelaksanaan sistem VET (Vocational Education Training) di Australia yang diperlukan dalam usaha jabatan merancang dan membangunkan mekanisme yang kukuh bagi mewujudkan satu standard penilaian dan pengukuran kelayakan kekompetenan tenaga pengajar kemahiran Malaysia. Antara tempat yang dilawat sepanjang tempoh tersebut adalah *Vocational Education and Training Advisory Board (VETB) Sydney, Riverina Community College (RCC) & Charles Sturt University (CSU) di Wagga Wagga, Central Campus Technical and Further Education (TAFE) NSW dan National Centre for Vocational Education Research Headquarters (NCVER), Adelaide.*

### II. Vocational Management Skill Training di Hong Kong

Bagi perancangan dan pelaksanaan program latihan kemahiran yang lebih efektif dan berkesan, kursus *Vocational Management Skill Training* di *Vocational Training Council (VTC) Hong Kong* telah diadakan pada 1/11/2009 – 12/11/2009 melibatkan **12** pegawai. Objektif utama kursus ini adalah untuk meningkatkan pengetahuan dan kemahiran berkaitan pelaksanaan program latihan kemahiran berdasarkan pendekatan, pelaksanaan dan pengalaman VTC yang merupakan badan induk bagi pendidikan vokasional, latihan dan pembangunan kepakaran di Hong Kong.

### I. Visit of Benchmarking Instructors Competency in Australia

*In enhancing the implementation of accredited centres instructors' license, a Benchmarking Visit to Australia has been organised on 14 – 21 February 2009 involving **two (2)** DSD officials and one (1) official from Manpower Department. The main objective of this visit is to view and obtain information on planning and implementation of VET (Vocational Education Training) in Australia that is required by the department in the process of planning and developing a strong mechanism that would create a standardize qualification of assessment and measurement competency of Malaysian skills trainers. Among the places visited during the period were the Vocational Education and Training Advisory Board (VETB) Sydney, Riverina Community College (RCC) & Charles Sturt University (CSU) in Wagga Wagga, Central Campus Technical and Further Education (TAFE) NSW and National Centre for Vocational Education Research Headquarters (NCVER), Adelaide.*

### II. Vocational Management Skill Training in Hong Kong

*For an effective and efficiency planning and executing of the skills training programme, the Vocational Management Skill Training Course has been organised on 1/11/2009 – 12/11/2009 in Vocational Training Council (VTC) Hong Kong which involved **12** officials. The main objective of this course is to improve the knowledge and skills related to the implementation of skills training program on the basis of approach, implementation and experiences of VTC which is the main body for vocational, training and development expertise education in Hong Kong.*

## Pembangunan Analisis Bidang Pekerjaan (OA)

### Development of Occupational Analysis (OA)

Sepanjang tahun 2009, tumpuan diberikan kepada **sepuluh (10)** sektor industri iaitu *Agriculture & Agro Based Industry, Health and Pharmaceutical Manufacturing / Support Services Sector, Material Manufacturing – Non Metal Sector, Building Construction Industry, Mining Industry, Tourism And Hospitality Sector, Production Industry, Welding Industry, Electrical & Electronic Industry* dan *Mechatronic industry*. Tujuan OA ini adalah bagi menganalisa keperluan kekompetenan sumber manusia mahir untuk tenaga kerja industri berkaitan. Daripada sepuluh **(10) bidang** tersebut, didapati sejumlah **1051** tajuk pekerjaan dikenalpasti yang mana sebanyak **350** tajuk pekerjaan dikategorikan sebagai tajuk pekerjaan kritikal dan perlu diberi keutamaan dalam pembangunan Standard Kemahiran Pekerjaan Kebangsaan (NOSS) bagi memenuhi keperluan industri. Jadual 5 menunjukkan bilangan tajuk pekerjaan yang dikenalpasti pada tahun 2009.

*During the year 2009, attention was given to ten (10) industrial sectors which are Agriculture & Agro Based Industry, Health and Pharmaceutical Manufacturing / Support Services Sector, Material Manufacturing – Non Metal Sector, Building Construction Industry, Mining Industry, Tourism And Hospitality Sector, Production Industry, Welding Industry, Electrical And Electronic Industry and Mechatronic Industry. The objective of occupational analysis is to examine the skilled human resource competency that is prerequisite for labor-related industries. Table 5 shows the number of identified job titles for the development of skilled manpower in related fields. From ten (10) fields, a total of 1051 job titles were identified in which 350 job titles were categorized as critical job titles and should be given priority in National Occupational Skills Standards (NOSS) development to meet the needs of the industry. # Pembangunan Standard Kemahiran Pekerjaan Kebangsaan (SKPK)

Development of The National Occupational Skills Standard (NOSS)

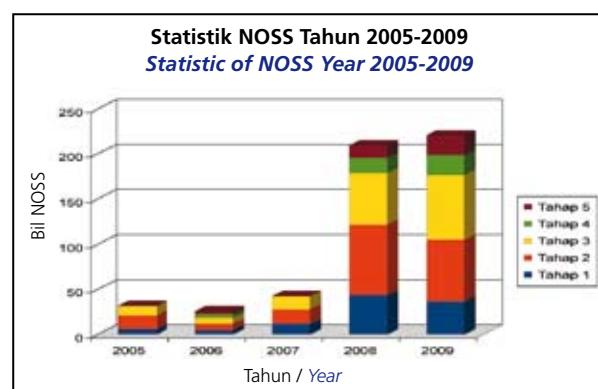

JPK sebagai peneraju pembangunan latihan kemahiran bertanggungjawab dalam menyelaras dan membangun dokumen NOSS yang merangkumi 22 sektor pekerjaan di Malaysia. NOSS dibangunkan melalui dua (2) kaedah iaitu secara dalaman dan juga secara luaran. Personel yang terlibat di dalam pembangunan NOSS adalah seorang (1) fasilitator dan lapan (8) hingga lima belas (15) orang panel pakar daripada industri yang berkaitan. Pada tahun 2009, sebanyak **147 NOSS baru, 78 NOSS kaji semula dan 2 NCS telah** dibangunkan menjadikan jumlah keseluruhan NOSS yang dibangunkan adalah sejumlah **1,098** termasuk tujuh (7) daripadanya adalah NCS. Jadual 6 dan Carta 6 di bawah menunjukkan statistik NOSS yang diluluskan sepanjang 2009 dan pembangunan NOSS daripada tahun 2005 hingga 2009.

*DSD as a leader in the development of training skills is responsible for coordinating and developing the NOSS document covering the 22 employment sectors in Malaysia. NOSS is developed through two (2) methods, that is, internally and externally. Personnel involved in the development of NOSS is one (1) facilitator and eight (8) to fifteen (15) panel of experts from related industries. In 2009, a total of 147 new NOSS, 78 reviewed NOSS and 2 NCS have been developed making the total number of developed NOSS to be 1,098 including seven(7) are from NCS. # Pembangunan Kurikulum Latihan

## Training Curriculum Development

### I. Pembangunan Bahan Pembelajaran

Bahan Pembelajaran ataupun Manual Latihan adalah dokumen-dokumen yang dibangunkan berdasarkan dokumen NOSS bidang berkaitan. Ia digunakan bagi membantu pelaksanaan latihan secara teratur dan saksama di kalangan Pusat Bertaualiah (PB) JPK, selain memastikan kualiti latihan adalah terjamin. Manual Latihan adalah terdiri daripada *Course of Study* (CoS), *Written Instructional Material* (WIM), *Learning Guide* (LG), *Manual Internship* dan Manual Latihan Industri. Selain itu, *Task Outline Profile* (TOP). TOP mula dibangunkan pada tahun 2007 bagi sesetengah program bertujuan menambah pemahaman terhadap tugas di dalam NOSS, seterusnya dijadikan panduan semasa membangunkan CoS. Sebanyak **153** program telah dibangunkan Panduan Latihan yang mengandungi *NOSS Matrix* dan *Training Pathway* bagi membantu PB membangunkan sendiri dokumen CoS, LG dan WIM dengan lebih mudah. Jadual 7 menunjukkan statistik pembangunan Manual Latihan dari tahun 2006 hingga 2009.

### I. Training Materials Development

*Training Materials or Training Manual is a document that was developed based on NOSS document on related fields. It is used to assist the implementation of fair and regular exercise among Accredited Centres (AC) DSD, besides guaranteeing the quality of training. The Manual Training consists of Course of Study (CoS), Written Instructional Material (WIM), Learning Guide (LG), Manual Internship and Manual Industrial Training. In addition to these, is the Task Outline Profile(TOP). TOP was first developed in 2007 for some programmes that were planned to increase the understanding of the task in NOSS. It was later used as a guide to develop the CoS. A total of **153** programmes have been developed in the Manual Training consisting of NOSS Matrix and Training Pathway to assist AC to develop easily its own CoS, LG, and WIM document. Table 7 shows the statistical development of the training manual from 2006 to 2009.*

## **II. Pembangunan Kurikulum Sistem Latihan Dual Nasional (SLDN)**

Kurikulum SLDN dibangunkan sebagai menyokong pelaksanaan latihan secara Sistem Latihan Dual Nasional (SLDN) yang dijalankan secara dual di pusat latihan dan juga syarikat (industri) berkaitan. Komponen utama dalam Kurikulum SLDN adalah *Learn and Work Assignment* (LWA) yang dibangunkan berdasarkan proses kerja utama (core work process) yang diamalkan di industri tempatan. Tugasan-tugasan di dalam LWA dibangunkan bagi proses latihan secara kendiri (self-reliant learning) yang melibatkan kitaran tindakan menyeluruh (complete action cycle). Selaras dengan keperluan Akta 652, Mesyuarat Majlis Pembangunan Kemahiran Kebangsaan (MPKK) Bil. 2/2009 pada 23 Jun 2009 telah bersetuju bahawa Kurikulum SLDN yang telah dibangunkan sebelum ini dianggap sebagai sebahagian daripada NOSS. Justeru, Kurikulum SLDN yang dibangunkan bermula tahun 2009 juga adalah berdasarkan NOSS seperti yang ditetapkan dalam Mesyuarat Jawatankuasa Teknikal Khas pada 14 April 2009 bagi bidang-bidang berkaitan. Jadual 8 menunjukkan bilangan kurikulum SLDN yang telah dibangunkan sepanjang 2006 – 2009.

## **II. Development of National Dual Training System (NDTS) Curriculum**

*NDTS Curriculum was developed to support the implementation of training of National Dual Training System (NDTS) that was conducted in the form of dual at the Training Centres and also at the related companies(industry). The main componentin the SLDN Curriculum is the Learn and Work Assignment (LWA) that was developed on the basis of core work process practiced in the local industry. LWA assignments are develop for self-reliant learning process involving complete action cycle. In line with the requirement of Acts 652, the National Skill Development Council Meeting MPKK Billing. 2/2009 on 23rd June 2009 has agreed that the NDTS Curriculum that was developed prior to this is considered as part of NOSS . Hence, NDTS Curriculum that was developed starting on 2009 is also based on NOSS as stipulated in Special Technical Committee Meeting on 14 April 2009 for related disciplines. Table 8 shows the number of NDTS that was developed during 2006 – 2009*

### III. Pembangunan Bank Soalan

Bagi menjamin kualiti dan penyelarasan dalam latihan kemahiran di Malaysia, Jabatan Pembangunan Kemahiran (JPK) juga bertanggungjawab dalam mengumpul, menyelaras dan menyeragamkan kurikulum latihan kemahiran dan membangunkan soalan-soalan peperiksaan akhir bagi Sistem Peperiksaan Akhir, Sistem Persijilan Kemahiran Malaysia (SPKM), Sistem Latihan Dual Nasional (SLDN) dan Program Kelayakan Kekompetenan (KK). Penyelarasan soalan peperiksaan akhir ini secara langsung dapat membentuk latihan dan penilaian kemahiran yang seragam oleh Pusat-pusat Bertauliah (PB) dan seterusnya dapat melahirkan kualiti pelajar yang setara di antara PB yang menjalankan program latihan kemahiran yang sama. Sepanjang 2009, sebanyak **5,218** soalan telah dibangunkan yang merangkumi 20 program bagi pelbagai bidang kemahiran. Jadual 9 menunjukkan statistik pembangunan bank soalan mengikut bidang dan program.

### III. Development of Question Bank

*In Malaysia, to ensure the quality and coordination of skills training, the Development Skills Department (DSD) is also responsible to collect, coordinate and standardize training curriculum and develop final examination questions for the Final Examination System, Malaysian Skills Certification System (MSCS), National Dual Training System (NDTS), and Competency Qualification Program (CQ). The coordination of these examination questions would directly lead to the standardize formation of skills evaluation and training by (AC) and thus can produce a quality students among the various Accredited Centres that are conducting similar training programmes. Throughout 2009, a total of **5,218** questions have been developed covering 20 programs for various areas of expertise. Table 9 shows the statistical development of the question bank.*

# Persijilan Kemahiran Malaysia

## Malaysian Skills Certification

### I. Pentauliahan Pusat Bertauliahan dan Program Kemahiran

Sepanjang tahun 2009, sebanyak **993 buah** Pusat Bertauliahan (PB) aktif di seluruh Malaysia. Daripada bilangan tersebut, sebanyak **374 buah adalah PB kerajaan** dan **619 buah PB swasta**. Jadual 10 menunjukkan statistik PB sediada mengikut kategori dan negeri.

Sebanyak **4,785** program telah ditauliahkan kepada PB dan majoriti program yang ditauliahkan adalah program tahap satu (1) dan tahap dua (2). Jadual 11 menunjukkan statistik program mengikut sektor kemahiran dan tahap manakala Carta 7 menunjukkan jumlah program yang ditauliahkan dari tahun 2005 - 2009.

### I. Accreditation of Accredited Centres and Skills Programs

During 2009, a total of **993** Accredited Centers (AC) are active in Malaysia. From these number, a total of **374 are government ACs** and **619 are private ACs**. Table 10 and Chart 6 show the AC statistics according to Categories and states.

A total of **4,785** programs has been accredited to ACs and the majority of these programmes that are accredited belong to level one (1) and level two (2) programs. Table 11 shows the statistical programs according to skills sectors and its levels while Chart 7 shows the total programs that were accredited from 2005 – 2009.

## II. Pengeluaran Sijil Kemahiran Malaysia (SKM)

Pada tahun 2009, sebanyak **91,526 sijil** SKM, DKM dan DLKM serta **1,308** Penyata Pencapaian (PC) telah dikeluarkan melalui ketiga-tiga kaedah persijilan, iaitu Sistem Pentaulahan, SLDN dan PPT. Jadual 12 menunjukkan perincian pengeluaran sijil mengikut tahap dan kaedah persijilan.

## III. Kursus Induksi Pekerja Asing (CE)

Mesyuarat Jawatankuasa Kabinet Mengenai Pekerja Asing telah memutuskan mulai 1 November 2005 semua pekerja asing yang ingin bekerja di Malaysia perlu menghadiri kursus induksi di negara sumber. Pekerja asing perlu lulus ujian serta memperolehi *Certificate of Eligibility (CE)* yang dikeluarkan oleh JPK sebagai pra syarat untuk memohon Visa Dengan Rujukan (VDR) daripada Jabatan Imigresen Malaysia. Bagi melancarkan urusan permohonan dan pengeluaran sijil, kemudahan permohonan secara atas talian melalui *Central Electronic Data System (CEDS)* telah dilaksanakan bermula pada 1 Ogos 2006.

Pada tahun 2009 CE hanya dikeluarkan kepada pekerja asing dari negara Myanmar dan Vietnam sahaja kerana penguatkuasaan keperluan CE oleh Jabatan Imigresen Malaysia (JIM) hanyalah kepada pekerja asing dari negara berkenaan sahaja. Sejumlah **1,658** pekerja asing telah memperolehi CE pada tahun 2009 seperti di Jadual 13.

## II. Issuance of Malaysian Skills Certificate (MSC)

In 2009, a total of **91,526** MSC, DKM and DLKM certificates and **1,308** Achievement Statements (AS) have been issued through the three methods of certification, which are accreditation, NDTS and Prior Achievement Accreditation (PAA). Table 12 shows in details the issuance of certificate according to levels and method of certification.

## III. Foreign Workers Induction Course (CE)

The Meeting of Cabinet Committee for Foreign Workers had decided effective 1st November 2005 all foreign workers who intend to work in Malaysia need to attend the induction course in their respective country. Foreign workers must pass the test and obtain the Certificate of Eligibility (CE) issued by DSD as a prerequisite to apply for Visa With Reference (VDR) from the Immigration Department of Malaysia. To smoothen the application process and issuance of certificates, online application facilities via Central Economic Data System (CEDS) has been implemented on 1st August 2006.

In the year 2009, CE was only issued to foreign workers from Myanmar and Vietnam because the enforcement of CE requirements by the Immigration Department of Malaysia only catered for foreign workers from these countries. A total **1,658** foreign workers have obtained the CE in 2009 as in Table 13.

**IV. Perakuan Kemahiran Pekerja Asing (PKPA)**

Mesyuarat Jawatankuasa Kabinet Mengenai Pekerja Asing telah memutuskan mulai 5 Julai 2005, JPK bertanggungjawab memperakui pekerja asing sebagai pekerja mahir selepas lima tahun bagi sektor perkilangan sahaja. Tempoh sahlaku sijil PKPA adalah tiga (3) tahun daripada tarikh sijil dikeluarkan. Sejumlah **6,311** pekerja asing telah diperakukuan sepanjang tahun 2009 seperti di Jadual 14.

**IV. Foreign Workers Skills Certification (FWSC)**

The Cabinet Committee Meeting of Foreign Workers have decided that effective 5 July 2005, DSD is responsible to verify foreign workers as skilled workers after 5 years being in the manufacturing sectors. The validity of the FWSC certificate is three (3) years from the date the certificate was issued. A total of **6,311** foreign workers has been certified throughout 2009 as in Table 14.

## Pertandingan Kemahiran Skills Competition

### I. Pertandingan MySkills 2009

Pertandingan *MySkills* merupakan salah satu aktiviti tahunan JPK yang bertujuan memastikan tahap kekompetenan tenaga pengajar pusat latihan kemahiran berada di tahap yang ditetapkan. Pertandingan ini merupakan kayu pengukur untuk mengiktiraf dan meningkatkan kekompetenan tenaga pengajar di pusat latihan kemahiran di samping membangunkan tenaga pengajar yang kompetitif setaraf di peringkat antarabangsa (world-class trainer).

Pada tahun 2009, sebanyak **501** permohonan yang telah diterima dan hanya **162** tenaga pengajar telah terpilih untuk ke peringkat akhir Pertandingan *MySkills* setelah melalui proses saringan pra-kelayakan yang dilaksanakan sepanjang Februari – Mac 2009 di sembilan (9) lokasi pertandingan. Peringkat akhir Pertandingan *MySkills* telah diadakan pada 16 – 27 April 2009 di lapan (8) lokasi melibatkan **162** peserta bagi 26 bidang kemahiran yang dipertandingkan. Jadual 15 menunjukkan penyertaan pertandingan mengikut agensi pada tahun 2009.

### I. MySkills Competition 2009

*MySkills Competition* is one of the annual activity of the DSD to ensure that the level of competency within the trainers of skills training institutions are at the required level. This competition is a yardstick to recognise and enhance the competency of the trainers in the skills training centres besides developing instructors that are competitive and on par at the international level (world-class trainer).

In 2009, a total of **501** applications were received and only **162** trainers have been selected for the final stage of *Myskills* competition after the heat, pre-qualification stages conducted during February – March 2009 in nine (9) locations. The *Myskills* final competition was held on 16 – 27 April 2009 in eight (8) locations involving a total of **162** participants, 26 different areas of expertise. Table 15 shows the participation if the competitors according to agency in 2009.

## II. Pertandingan MySkills-ASEAN 2009

Pertandingan MySkill-ASEAN merupakan satu acara dwi tahunan pertandingan kemahiran yang dianjurkan oleh JPK, KSM untuk tenaga pengajar kemahiran awam dan swasta di peringkat ASEAN. Pertandingan ini merupakan julung kali diadakan dan Malaysia merupakan pelopor kepada pertandingan kemahiran di peringkat ASEAN. Objektif pertandingan ini adalah:

- sebagai platform untuk *Mutual Recognition Agreement (MRA)*;
- untuk mengeratkan hubungan kerjasama antara sepuluh (10) negara ASEAN;
- untuk meningkatkan kekompetenan dan kemahiran tenaga pengajar ke peringkat yang lebih tinggi; dan
- perkongsian kepakaran latihan kemahiran antara negara ASEAN dapat dilaksanakan.

## II. MySkills Competition-ASEAN 2009

The MySkill Competition at the ASEAN level is a bi-annual skills event organised by the DSD, KSM to the skills instructors of public and private sectors at the ASEAN level. This competition is being held for the first time and Malaysia was the pioneer to this skills competition at the ASEAN level. The objectives of this competition are:

- as a platform for Mutual Recognition Agreement (MRA);
- to strengthen the cooperation between ten (10) ASEAN states;
- to enhance the competency and the instructors' skills to a higher level; and
- sharing of expertise and skills training among ASEAN countries can be implemented and shared.

Bagi merealisasikan hasrat ini, lawatan promosi Pertandingan MySkills-ASEAN ke **sembilan (9)** buah negara ASEAN telah diadakan. Objektif lawatan ini adalah untuk menerangkan kepada setiap negara mengenai hasrat Malaysia untuk menganjurkan Pertandingan MySkills-ASEAN dan kaedah perlaksanaannya.

Pada tahun 2009, sebanyak **empat (4)** bidang kemahiran dipertandingkan iaitu bidang Elektronik Industri, Kimpalan, IT PC/Rangkaian dan Pemasangan Elektrik. Sebanyak **lapan (8)** buah negara telah menyertai pertandingan ini iaitu Cambodia, Indonesia, Laos, Myanmar, Filipina, Thailand, Malaysia dan Vietnam. Jadual 16 menunjukkan Bidang Kemahiran Pertandingan MySkills-ASEAN 2009.

### III. World Skills Competition (WSC) 2009

Delegasi Malaysia seramai **19 pegawai** yang diketuai oleh Ketua Setiausaha Kementerian Sumber Manusia yang bertindak sebagai *Official Delegates, Technical Delegates, Team Leader, Official Observer and Observer* di World Skills Competition (WSC) 2009 telah diadakan pada 30 Ogos hingga 8 September 2009 di Calgary, Canada. Seramai **10 peserta** telah terpilih bagi mewakili negara bagi 9 bidang kemahiran iaitu *Beauty Therapy, Plumbing and Heating, Mechatronics, Wall and Floor Tiling, Electrical Installations, Automobile Technology, Fashion Technology, Bricklaying and Cabinet Making*. Peserta negara telah meraih anugerah *Diploma of Excellence* bagi bidang *Plumbing* dan *Beauty Therapy*.

To achieve this mission, the promotional visits regarding MySkills-ASEAN competition to **nine (9)** ASEAN states were held. The objectives of this visit is to explain to each country on Malaysia aspirations to host the Myskills-ASEAN Competition and the implementation methods.

In the year 2009, a total of **four (4)** areas of expertise namely; Industrial Electronics, Welding, IT PC/Network and Electrical Installation were contested. A total of **eight (8)** countries participated in this competition and they are Cambodia, Indonesia, Laos, Myanmar, Phillipines, Thailand, Malaysia and Vietnam. Table 16 shows the skills area that was contested in the Myskills -ASEAN 2009 Competition.

### III. World Skills Competition (WSC) 2009

The Malaysian Delegate comprising **19 officials** was lead by the Secretary General, Ministry of Human Resources, who acted as Official Delegates, Technical Delegates, Team Leader, Official Observer and Observer in World Skills Competition (WSC) 2009 was held on 30 August to 8 September 2009 in Calgary, Canada. A total of **10 participants** were selected to represent Malaysia for 9 different skills which are *Beauty Therapy, Plumbing and Heating, Mechatronics, Wall and Floor Tiling, Electrical Installations, Automobile Technology, Fashion Technology, Bricklaying and Cabinet Making*. The Malaysian participants have won the Award of *Diploma of Excellence* for *Plumbing* and *Beauty Therapy*.

#### **IV. Seminar Peserta Akhir Pertandingan *MySkills* 2009**

Seminar kepada peserta akhir Pertandingan *MySkills* 2009 diadakan pada bulan 13–15 April 2009 bertempat di Genting View Hotel, Pahang. Seramai **162** peserta terlibat semasa seminar ini. Ianya dianjurkan bertujuan untuk memberi pendedahan mengenai perlaksanaan Pertandingan *MySkills* peringkat akhir dan memberi motivasi kepada peserta melalui ceramah motivasi yang disampaikan oleh bekas pemenang WSC dan Pakar bidang kimpalan.

#### **V. Mesyuarat Kerja Teknikal *MySkills-ASEAN***

Mesyuarat Kerja Teknikal *MySkills-ASEAN* telah diadakan pada 23 - 27 April 2009 bertempat di Hotel Grand Bluewave, Shah Alam yang dihadiri oleh wakil teknikal dari semua negara ASEAN kecuali Singapura. Perkara yang dibincangkan dalam mesyuarat tersebut adalah:

- i. Garis Panduan dan Kaedah pelaksanaan Pertandingan *MySkills-ASEAN*;
- ii. Bidang kemahiran yang dipertandingkan pada tahun 2010; dan
- iii. Penajaan dalam *MySkills-ASEAN*.

Mesyuarat juga telah bersetuju bahawa Malaysia akan menganjurkan pertandingan ini sehingga tahun 2014 sahaja. Bermula 2014, Pertandingan *MySkills-ASEAN* akan ditukar kepada *ASEAN Trainer Skills Competition (ATSC)* dan akan dianjurkan oleh negara ASEAN secara bergilir bagi setiap dua (2) tahun.

#### **IV. Seminar on the Finalists of *MySkills* Competition 2009**

*The Seminar on the Finalists of MySkills Competition 2009 was held on 13 – 15 April 2009 at the Genting View Hotel, Pahang. A total of 162 participants were involved during this seminar. The aims of this seminar to give exposure to the finalist of the MySkills Competition and to provide motivation to them that was presented by the former winner of WSC and a national expert in welding.*

#### **V. Technical Committee Meeting of *MySkills-ASEAN***

*The Technical Committee Meeting of MySkills-ASEAN was held on 23 - 27 April 2009 at the Grand Bluewave Hotel, Shah Alam which was attended by technical representatives from all ASEAN countries except Singapore. Matters discussed in the meeting were:*

- i. Guidelines and Implementation Methods of the *MySkills-ASEAN* Competition;
- ii. Fields of Expertise contested in the year 2010; and
- iii. Sponsorship for *MySkills-ASEAN*.

*The Meeting also agreed that Malaysia will be organising the competition until the year 2014 only. Effective 2014, the *MySkills-ASEAN* Competition will be converted to *ASEAN Trainer Skills Competition (ATSC)* and it will be organised by ASEAN countries in rotation for every two (2) years.*

# Program Pakej Rangsangan Ekonomi 2009

## Economic Stimulation Package Program 2009

### I. Program Train & Place

Bagi memberi peluang kepada graduan menganggur dan pekerja yang diberhentikan menyertai latihan dalam pelbagai bidang kemahiran, Kerajaan melalui Jawatankuasa Kebangsaan Pemantauan Pemberhentian Pekerja telah mewujudkan program 'Train and Place'. Dengan program ini, graduan menganggur dan pekerja yang diberhentikan akan dilatih dan dibantu untuk mendapat pekerjaan setelah tamat latihan di institut/pusat latihan yang dilantik oleh Kerajaan. Bagi merealisasikan hasrat tersebut, Jabatan Pembangunan Kemahiran (JPK) telah dilantik sebagai Pengerusi Panel Penilaian dan Pemilihan Pusat Bertauliah.

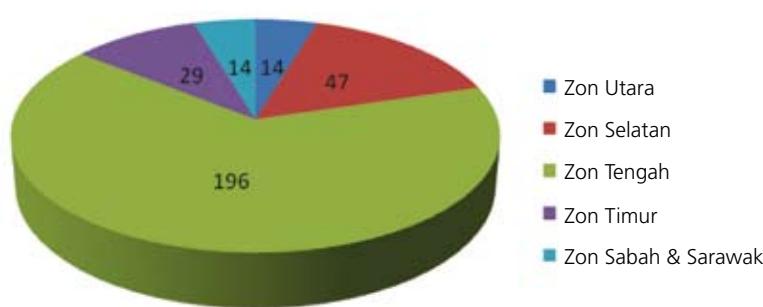

Sepanjang 2009, Jawatankuasa telah memperakarkan **453** Penyedia Latihan daripada **566** syarikat yang telah mengemukakan permohonan. Setelah melalui proses di Jawatankuasa Teknikal di peringkat kementerian, sebanyak **291** penyedia latihan telah pun diluluskan untuk menjalankan program. Carta 9 menunjukkan pecahan penyedia latihan

### I. Train & Place Program

*To provide opportunity to unemployed graduates and employees who were laid off to join training in various fields of skills, the government through the National Committee on Monitoring of Retrenched Workers had created 'Train and Place' programme. With this programme, unemployed graduates and employees who were laid off would be trained and assisted to secure jobs after the completion of their training in institutes/training centres appointed by the government. To fulfill the needs, the Department of Skills Development (DSD) has been appointed as the Chairman of the Examination Panel and Accredited Centre Selection.*

*During 2009, the Committee has recommended **453** Training Providers from **566** companies that had submitted their applications. After going through the Technical Committee process at the ministry level, a total of **291** training providers have been approved to conduct programmes. ## **II. Program Mengiktiraf Kemahiran Pekerja Industri & Pengajar**

Pada tahun 2009, JPK telah menjalankan Program Mengiktiraf Pekerja Industri dan Pengajar ataupun dikenali sebagai Pengiktirafan Pencapaian Terdahulu (PPT) Khas di bawah Pakej Rangsangan Ekonomi 2009. Dua (2) objektif utama pelaksanaan program PPT Khas ini ialah:

- a. Pengiktirafan terhadap kekompetenan tenaga kerja mahir di industri ke arah peningkatan diri dan kerjaya; dan
- b. Pengiktirafan terhadap kekompetenan tenaga pengajar di Institusi Latihan Kemahiran Awam (ILKA) dan Institusi Latihan Kemahiran Swasta (ILKS) yang menjadi pemangkin kepada pembangunan latihan kemahiran kebangsaan.

Seramai **9,434** orang yang terdiri daripada **7,034** pekerja industri dan **2,400** pengajar telah mendapat pengiktirafan terhadap kemahiran yang dimiliki melalui program ini. Mereka akan memperolehi Sijil Kemahiran Malaysia (SKM) pada tahap tertinggi berdasarkan kepada kelayakan dan pengalaman yang dimiliki. Jadual 22 menunjukkan jumlah permohonan di kalangan pekerja industri mengikut bidang kemahiran. Manakala Jadual 23 menunjukkan jumlah permohonan di kalangan pengajar mengikut agensi.

## **III. Program Latihan Tenaga Pengajar (TOT) Sistem Latihan Dual Nasional (SLDN) Khas.**

Program yang dilaksanakan adalah merangkumi Latihan Tenaga Pengajar SLDN dan Latihan Peningkatan Kemahiran. Secara keseluruhan, sebanyak **50 buah** syarikat dan penyedia latihan telah terpilih untuk melaksanakan program tersebut bermula 1 Oktober 2009 dan tamat pada 31 Disember 2009. Jadual 24 menunjukkan bilangan program/peserta yang terlibat dalam program ini.

*of **52** series of monitoring visits on training providers were carried out to make sure that the programme implementation fulfills the specified rules and specification.*

## **II. Recognition Programme For Skilled Industrial Workers & Instructors**

*In 2009, DSD have conducted the Recognition Programme for Skilled Industrial Workers and Instructors or also known as Special Prior Achievement Accreditation (PAA) under the Economic Stimulation Package 2009. Two (2) main objectives of implementing this special PAA are :*

- a. Recognition on skilled manpower competence in industry towards self and career improvement; and*
- b. Recognition on competence of instructors at Public Skills Training Institute (ILKA) and Private Skills Training Institute (ILKS) which are catalyst to national skills training development.*

*A total of **9,434** people which comprises of **7,034** industrial workers and **2,400** instructors have gain recognition on their skills through this programme. They will receive the Malaysia Skills Certificate (MSC) at the highest level based on their qualification and experience. Table 22 shows the total number of applications among industrial workers according to skills areas. While Table 23 shows the total number of applications among instructors by agencies.*

## **III. Special National Dual Training System (NDTS) Training of Trainers Programme (TOT)**

*The implemented programme include NDTS Training of Trainers and Skills Development Training. Overall, a total of 50 companies and training providers were selected to carry out the programmes effective 1st October 2009 until 31st December 2009. Table 25 shows the number of programmes/participants involved in this programme.*
